

Craft Plastic Mini Album

Materials:

Grafix Craft Plastic

Grafix Double Tack

Alphabet Stickers Creative Imaginations & K& Company

Ribbons

Permapaque markers

Tabs Creative Imaginations

Tape

Patterned Paper

Cardstock

Instructions:

Cut 5 pieces of Craft Plastic to 5"x5". Peel the liner off of one side of the Craft Plastic sheets. Using tape, mask off areas of the craft plastic sheets to create stripes, borders and corners. Color in the exposed areas with markers, let dry. Size photos to 2"x 3" and mount with Double Tack. Adhere the photos to the Craft Plastic pages as desired. Cover the reverse of each photo with cardstock or patterned paper. Print your text and layer with cardstock and papers and mount to the reverse of the photos. Further embellish your pages with letter stickers and tabs. Punch holes along the left side of the pages. Tie pages together with ribbons.
