

Bowdabra®

Chenille pins ~ Candy cane men

By Marie Vetrano

SUPPLIES:

- Chenille stems #2503-42
- Small oval wood beads #1905-26
- ¾" Pin backs #18084-2
- 7mm Glitter Christmas pom poms
- Sharpie black ultra fine point, fabric-tac glue, mini red bows, mini jingle bells, pony beads

PUTTING IT TOGETHER.....

1. Use ultra fine sharpie to draw face on bead.
2. Pre-cut chenille stems into 4" lengths. (* one stem will make 3 pins)
3. Slide bead onto stem. Bend top end of stem to make the candy cane.
4. Embellish with your choice of pom poms, bells, bows and stars.
5. Glue a pin-back to the back of the stem.

Helpful Hint:

You can also make a snowman pin using 3 white pony beads, a small section of tinsel chenille (about 1 ½" long) twisted between the top 2 beads for a scarf. Use ultra fine sharpie to make face and buttons. Glue on pin back.
