By KATHY VAN MULLEKOM, Daily Press (Newport News, Va.) Make your holiday decor sparkle with poinsettia- or star-shaped floating lights in your punch bowl or around your fireplace mantle.

The wireless, battery-powered lights feature bright LED lights that use little energy. The poinsettias create four different lighting programs to illuminate your setting. The stars, equipped with a one-hour automatic shutoff, shimmer in shades of red and green. \$14.99 for three-piece set of either design.
